

# M18

Dear wine lover!

We love wine, but may not be highly decorated wine experts here in the restaurant, so we have done our best to make a (very) good wine list for you. The selection consists of authentic wines from small family wineries, wines that taste of their place of origin and are made from grapes typical of the area.

We have put together the wine list with wines from small craft producers who respect nature. Many of the wines are organic and/or biodynamic. Some hand picks and other foot pedals but common for our manufacturers are that they make crazy good wine.

**Please be aware, that the wine list is an ongoing process.**

**If you're looking for a particular wine for your evening with us, please let us know beforehand so we can have the wine ready for you.**

**The wine list is divided in to 2 parts:**

- 1. Part = the ones we have in stock at the restaurant**
- 2. Part = the ones that you need to order before hand**

There  
Cheers!
